EXPERIENCE

CSCODETECH *(Intern)*   **May – June, 2023**

- Development of Fully Functional Ecommerce website (POS System).
- Focused on back-end development to ensure robust functionality and seamless integration.
- Integrated front-end components from a pre-designed template to expedite development.

Tatvasoft *(Intern)*   **May – June, 2024**

- Developed and enhanced RESTful APIs using .NET to support various business functionalities.
- Debugged and fixed bugs in the code, ensuring seamless performance and user experience.

PROJECTS

TodoSync / Code / Video / Live

- Full Stack web application where you can manage tasks with features like priority setting, marking as favorite, and deadlines.
- Users can create, update, and delete tasks, and organize them by priority and deadlines.
- Implemented notifications and reminders to help users stay on top of their tasks.
- Tech Stack: *NodeJS, ExpresJS, MongoDB, ReactJS*

MealMission / Code / Video / Live

- Creating a platform for volunteers and hotel owners to minimize food wastage.
- Hotel owners can post available food, and volunteers can view and participate in city-specific drives.
- Implementing a system of badges and leaderboard rankings to incentivize and recognize volunteer efforts.
- Tech Stack: *NodeJS, ExpresJS, MongoDB, ReactJS, TailwindCSS*

ACHIEVEMENTS

- Maximum rating on Codechef: **1408** (2 Star) & on LeetCode: **1496**
- **Finalists** of CVMU Hackathon organized by CVMU
- **4th rank** in HackSwift 2024
- **Top 5%** on NPTEL exam by IIT Kharagpur.
- NPTEL score **75** and **83** in Natural Language Processing and Deep Learning.
- NPTEL Score **73** in Project Management for Managers.

VOLUNTEERING

CodeChef BVM Club *(Web Developer)*	**August , 2023 - July, 2024**
